

Indiana Society for Healthcare Engineering

What is ISHE?

The Indiana Society for Healthcare Engineering is a resource for hospitals and suppliers. We formed in order to develop solutions to common problems.

ISHE's members are those professionals who are interested in personal and professional development, and engage in one or more of the following healthcare team responsibilities:

- Plant Operations
- Safety Management
- Related Hospital Fields
- Plant Engineering
- Clinical Engineering
- Suppliers to Hospitals

Benefits you can't find anywhere else.

What are the Benefits of ISHE Membership?

Membership in ISHE gives you a combination of benefits you can't find anywhere else:

Professional Development - ISHE provides educational opportunities geared toward your special needs as a healthcare engineering professional. Planning to enhance your career with CHFM certification? ISHE education is designed with CHFM in mind.

Healthcare Facility Tours - See facilities behind the scenes. Hear the insider stories, tips and challenges that only an ISHE facility tour can offer.

Connection - ISHE membership gives you the opportunity to meet and develop friendships with fellow professionals. These are people who really understand what you do for a living because it is their profession, too.

Networking - The answer to a difficult problem may just be a phone call or conversation away. You'll be surprised at how much easier your job becomes when you have a resource network of the best minds in the industry. Your fellow ISHE members are always at your fingertips with the online and print directories of members and resources.

Industry News and Trends - No one gives you as much local industry news as ISHE. The ISHE quarterly magazine, monthly email newsletter, and web site contain stories and information about Indiana healthcare facilities you can't find anywhere else.

Scholarships - To promote the field of engineering, ISHE offers two \$1,000 healthcare engineering scholarships to children of ISHE members every year. Winning one of these scholarships could immediately pay out up to 20 years of ISHE membership!

Advocacy - ISHE makes sure your voice is heard on important issues about codes, standards and other regulations that affect your career and facility. As individuals, our voices are small; but together, we can make a difference.

Recognition - ISHE provides opportunities for professional recognition. Volunteer, serve on the board, or contribute an article on your facility for the magazine or newsletter – these are all great ways to improve your profile in the industry and in your organization.

Who is Eligible for ISHE Membership?

Full Membership to the society is available for those individuals who are active in the field of health care engineering or a related health care field. Healthcare engineering embraces multiple engineering disciplines that include managing, operating and maintaining physical plan facilities, communication and biomedical equipment, and systems in health care facilities. A full membership is available at \$50.00 to those who qualify as being directly responsible for a health care facility.

Associate Membership to the society is available for those individuals whose firms provide products or services. This may include manufacturers representatives, vendors, contractors, distributors, registered architects, professional engineers and consultants. An Associate Membership is available at \$100.00.

Membership to the society becomes effective upon approval of membership application and receipt of the specified dues by the ISHE Board of Directors.

Join today using the application.
